Lahey Hospital
& Medical Center

***A Splinting Guide:
Orthoses for
Immobilization and
Function***

Saturday, December 15, 2018
8 am - 5 pm

Lahey Hospital & Medical Center
29 Burlington Mall Road
Burlington, MA 01803

Program begins at 8 am and concludes at 5 pm. There will be a one-hour break for lunch. *(Lunch is on your own.)*

Program:

Principles of Orthotic Fabrication / PowerPoint Presentation

Orthotic Demonstration and Hands-on Fabrication of the Following:

- Radial / Ulnar Gutter Orthosis
- Low Profile Radial Nerve Palsy Orthosis
- Finger and Short Opponens Orthoses
- Functional Ulnar Nerve / Median Nerve Orthosis
- Anti-Ulnar Drift Orthosis
- Plus tips and tricks for easier orthotic fabrication

A certificate of attendance will be issued to all participants completing the CEU requirements. One day equals 8.0 contact hours (.8 CEU's). This splinting workshop meets criteria "A" for hand therapy certification and is accepted by NBCOT and most state OT boards.

Content Focus: Domain of OT: Performance Skills, Client Factors, Context

Occupational Therapy Process: Intervention

Learning Objectives

Upon completion of this course, participants will be able to:

- Gain understanding of the indications, precautions and contraindications for orthoses for immobilization and mobilization.
- Appreciate the mechanical properties and anatomical knowledge base required to fabricate low temperature thermoplastic orthoses for the upper extremity.
- Develop skills in proper selection of thermoplastic materials for the orthoses for the upper extremity.
- Develop skills in orthotic fabrication for the upper extremity.

Workshop Format: PowerPoint presentation, orthotic fabrication demonstration, lecture and hands-on fabrication of orthoses will guarantee achievement of learning objectives.

Instructor

Debby Schwartz, OTD, OTR/L, CHT
*Product and Educational Specialist
Physical Rehabilitation*

Debby Schwartz is a certified hand therapist with over 30 years of clinical and educational experience. She joined Orfit Industries America to promote product awareness and splinting education. Debby is an active member of ASHT and has participated in IFSHT meetings as well. She has presented on a variety of hand therapy topics both at national and international conferences, and has written a number of articles for hand therapy publications, including a literature review of static progressive orthoses and a systematic review of joint mobilizations. She has authored several book chapters for hand therapy references, and is currently co-writing a textbook on orthotic fabrication. Debby completed her Doctorate of Occupational Therapy from Rocky Mountain University of Health Professions.

This splinting workshop is appropriate for OT's, COTA's, PT's, PTA's and CHT's working with an upper extremity caseload and possessing basic splinting skills.
