

HP PRO[®] SOLUTION FLEXIBLE SHIM 1MM

Article No. : 25070 /10

A. GENERAL PRODUCT INFORMATION

The product referred to in these instructions is a medical device, used for patient positioning and immobilisation in radiation therapy.

This product may only be used in combination with immobilisation masks produced by Orfit. Orfit prohibits the use of unauthorized third-party products in conjunctions with its own products.

B. PRODUCT DESCRIPTION

This Flexible Shim is an accessory of the ORFIT HP PRO SOLUTION. It is used in combination with the HP PRO base plate, a personalised head rest and special 3- and 5-point HP PRO masks to form a reproducible patient positioning and immobilisation device in the field of radiotherapy. Information on these other parts and instructions on how to make the masks can be found in the respective 'instructions for use' and on www.orfit.com.

C. USAGE

A flexible shim is used in combination with a personalised MOLDCARE CUSHION head rest. The shim is put on top of the head rest with the star opening facing caudally, as also mentioned on the shim.

This shim is used to counteract patient swelling and/or mask shrinkage.

D. STORAGE

Always store the product in a safe place to prevent it from getting damaged. Store it in a dry place at a temperature of min. 10°C (50°F) and max. 30°C (86°F).

E. PHYSICAL PROPERTIES
