

# RAYCAST® HIGH PRECISION BASE PLATE-TO-COUCH FIXATION DEVICES: 2-PIN BAR FOR 480 MM WIDE NON-INDEXED COUCHES

Article No. : 33106

## A. GENERAL PRODUCT INFORMATION

This product is a fixation device to attach RAYCAST High Precision base plates to non-indexed couch tops with a width of 48 cm. It can also be used to attach base plates to any other couch which is 48 cm wide although the base plate will not be fixed in longitudinal direction.

## B. PRODUCT DESCRIPTION

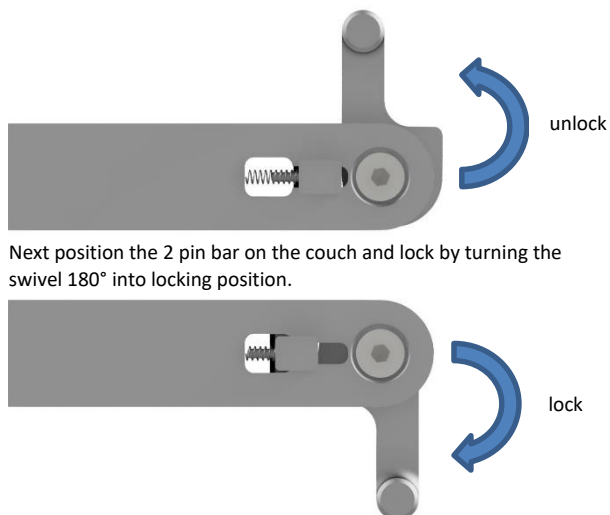

This 2-pin bar can be used to index hardware (base plates, shoulder positioning device, leg indexing system, etc.) directly or via an adapter plate to the couch. Information regarding compatible products can be found in the respective 'instructions for use'.

## C. PART LIST

1x	33106	2-pin bar in aluminium
----	-------	------------------------

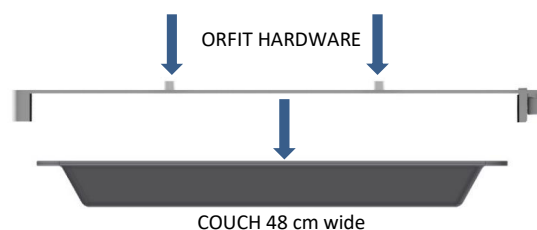

## D. POSITIONING HARDWARE

To mount the 2-pin bar on the couch, first position the swivel as shown on below picture.

Next position the 2 pin bar on the couch and lock by turning the swivel 180° into locking position.

Orfit hardware is mounted on the 2-pin bar by simply pushing it over the 2 middle indexing pins.

## E. STORAGE

Always store the product in a safe place to prevent it from getting damaged.  
Store the product between +10°C (50°F) and 40°C (122°F).

## F. PROPERTIES
