

## ORFIZIP® LIGHT NS

**orfit** The personal fit

IN ORTHOTIC FABRICATION  
FOR PHYSICAL REHABILITATION

### Recommended applications

- Lightweight circumferential orthoses for immobilization and protection following trauma and/ or surgery.
- Foamy surface is especially beneficial for patients with sensitive and/ or fragile skin.
- Use with mobilization orthoses: outriggers are easily bonded to the surface and the base orthosis will not migrate distally.
- Offers a snug fit without straps.

### Benefits

#### Highly conforming

Orfizip Light NS completely conforms to the anatomy of the hand, wrist, and forearm, providing exact contour and detail.

#### Time saving

No need to make a pattern, no straps and a quick fabrication method.

#### Increase patient adherence

Help your patients to adhere to their wearing schedule by treating them with a product that is easily accepted due to its lightweight material, design, comfort, and aesthetic appearance.

#### Effortless fabrication

Three features that make fabrication easier:

- ✓ The zipper aids in alignment while molding
- ✓ Non-perforated edges facilitate finishing of the orthosis
- ✓ The orthosis is completely remoldable when there is a change in patient's condition

#### Hygienic and easy to clean

A special coating prevents antibacterial growth and reduces unpleasant odors while wearing the orthosis. The orthosis is easy to deep clean in the washing machine.

### Sizes

Orfizip Light NS Size	Wrist circumference in centimeters	Wrist circumference in inches
Small	12- 15	4.72 - 5.9
Medium	16 -19	6.29 - 7.48
Large	20 - 25	7.87 - 9.84

## ORFIZIP® LIGHT NS

### Activate, zip and mold!

Orfizip Light NS is a zipper closed precut wrist immobilization orthosis. The double sided zipper offers the ability to fabricate either left or right handed orthoses. The shape, design, perforations and soft surface ensures a snug and comfortable fit around the wrist and forearm. Patients will appreciate the easy on-easy off zipper closure and therapists will be amazed at how easily and quickly the orthotic fabrication is completed.

#### ORFIZIP® LIGHT NS IVORY

Thickness (mm-inch)	Perforation types	Size	Art. N°
2.5 mm - 3/32"	micro perforated	small	39108N/25MI/L/NS
		medium	39109N/25MI/L/NS
		large	39110N/25MI/L/NS
3.2 mm - 1/8"	micro perforated	small	39111N/32MI/L/NS
		medium	39112N/32MI/L/NS
		large	39113N/32MI/L/NS
