A SPLINTING GUIDE:

An Orfit Industries Workshop
Featuring
Orthoses for Mobilization

Sunday, February 5, 2017
8 am to 5 pm

Straub Clinic and Hospital
Rehabilitation Outpatient Clinic (Basement)
888 South King Street
Honolulu, HI 96813

Space is limited!
Sign up now to reserve your spot!

PROGRAM

Splinting Program includes both lecture and hands on lab time!

Lecture: Principles of Mobilization Splinting

Lab time: Demonstration and fabrication of:

- > Dynamic Extensor Tendon Orthosis with Orfitube Outrigger,
- > Finger and Thumb Orthoses with Orficast
- > Circumferential Wrist Orthosis for Composite
- > Finger Flexion (Static progressive)
- > Dorsal Blocking Orthosis with dynamic pulley attachment.

LEARNING OBJECTIVES

Upon completion of this course, participants will be able to:

1. Recognize indications, precautions and contraindications for mobilization orthoses of the upper extremity
2. Analyze mechanical properties required to fabricate low temperature thermoplastic mobilization orthoses for the upper extremity.
3. Compare and contrast outrigger/ and or coil designs of mobilization orthoses.
4. Identify important anatomical structures and landmarks of the upper extremity.
5. Analyze key characteristics of splinting materials for fabrication of specific splints.
6. Learn to critique and assess different splinting materials

Workshop format: Power point presentation, splinting demonstration, lecture and hands on fabrication of splints will guarantee achievement of learning objectives.

INSTRUCTOR

Debby Schwartz, OTD, OTR/L, CHT
Product and Educational Specialist,
Physical Rehabilitation

Debby Schwartz, OTR/L, CHT is a hand therapist with over 33 years of experience as a practicing clinician. She joined Orfit Industries America to promote product awareness and splinting education.

Debby is an active member of ASHT and has participated in IFSHT meetings as well. She has presented on a variety of hand therapy topics both at national and international conferences and has written a number of articles for hand therapy publications, including the Journal of Hand Therapy, the British Journal of Hand Therapy, ADVANCE for OT and www.exploringhandtherapy.com.

Debby completed her Clinical Doctorate in Occupational Therapy from Rocky Mountain University Of Health Professions in 2010. She is presently co-authoring a textbook of orthotic fabrication.

A Certificate of attendance will be issued to all participants completing the CEU requirements. 0.8 CEU's will be awarded for the complete program. This splinting work shop meets criteria "A" for hand therapy certification and is accepted by NBCOT and most state OT boards

This splinting workshop is appropriate for OT's, COTA's, PT's, PTA's and CHT's working with an upper extremity patient caseload and possessing intermediate splinting skills.

Content Focus: Domain of OT: Areas of Occupation, Performance Skills, Performance Patterns, Client Factors, Context

Occupational Therapy Process: Intervention
